Signing Up

To sign up for this service complete the registration form and submit this to us. Payment can be made on our site's registration form. Simply enter information and your card details for the sum of £50 + VAT, this is non-refundable. When this has been submitted, SECPay will start processing your set up. During this time a merchant facility must be obtained from one of the acquiring banks with which we have arrangements, to enable your company to trade on-line. You will need to inform them that you wish to take credit and debit cards over the Internet, and that you will be using SECPay as your Payment Service Provider.
